**Announcing: Disabilities At Work Internet Talk Radio**  
Live - Every Wednesday at Noon EST

Disabilities At Work (DAW) Internet Talk Radio focuses on broad areas of interest to people with disabilities, their advocates, and employers. The show is searching for topics, ideas, suggestions, sponsors, comments, or speakers.

DAW Radio spotlights businesses that go 'beyond compliance' in finding and hiring qualified people with disabilities, or who support people with disabilities through philanthropy or in other ways. The show features corporate VIPs, successful service providers, educators, people with disabilities who have interesting stories, authors, researchers, government officials, elected representatives, and celebrities who have reasons to be involved.

Debuting on April 14, 2010, on the VoiceAmerica Business Channel, the show will air every Wednesday at Noon EST. Look for weekly emails about show topics and speakers.

Be sure to tune in to  
Disabilities At Work Radio  
every Wednesday at  
Noon EST on VoiceAmerica.
