ACTION ALERT - Contact the Appropriations Committee on the Governor's Proposed Budget

The House Appropriations Committee will soon begin debating House Bill 1. LaCAN's legislative/advocacy agenda includes the need for funding of vacant and new waiver slots, Families Helping Families, the Individual and Family Support Program, and the Consumer Care Resources Program - all services that help people with developmental disabilities live in their own homes. **Funding for the waiver slots IS included in the Governor's proposed budget. Funding to restore cuts to the other programs is NOT.** It is very important for you to share with members of the Appropriations Committee how you feel about what is/is not included in the proposed budget and how important these services are to people with developmental disabilities.

Call, email, or write the Chairman and member(s) of the Appropriations Committee in your region by February 21st. Communicate the importance of KEEPING funding for the waiver slots in the budget. Communicate the need to ADD funding for the other programs.

See the [Fact Sheet](#) on each issue on LaCAN's legislative/advocacy agenda.

Contact your [Regional LaCAN Leader](#) for assistance in writing your letter or to join other advocates making legislative visits in your area.

Background Information

Each year, State Government Departments submit their proposed budgets to the Division of Administration. The Governor and his staff then review these proposals and develop the Executive Budget. The budget is then presented to the legislature and becomes House Bill 1 (HB 1).
