

REPORT TO DEVELOPMENTAL DISABILITIES COUNCIL

Bureau of Health Services Financing (Medicaid) January, 2017

Status of Current Initiatives:

MEDICAID EXPANSION.

Current Medicaid enrollment as of 12/16/2016 is **365,877** new members!

Demographics (new information which may be of interest):

FEMALE	MALE
Age	Age
19-24: 49,288	19-24: 27,898
25-39: 96,811	25-39: 47,988
40-49: 38,102	40-49: 23,188
50-64: 48,716	50-64: 33,692
65+: 117	65+: 77
Total: 233,034	Total: 132,843

As previously reported to this council, eligibility for parents with Medicaid eligible children will increase to 138% of the Federal Poverty Level, and childless adults will now be eligible for Medicaid as a group.

Applied Behavior Analysis: State Plan for licensed providers to deliver ABA services under Medicaid was approved by CMS for services as of February 1, 2014. Services must be prior authorized through the Molina prior authorization process. Services are available to children/youth from birth through age 20 for whom they are medically necessary. A clinical diagnostic evaluation that recommends ABA is required for this service. As of 9/19/2016 there were **122** enrolled providers statewide, and **1788** children/youth

approved for services. ABA services were NOT carved in to Healthy Louisiana in December, 2015. If you have questions about ABA, how to access those services, how to locate a provider, or any other questions, please call this toll-free number: **1-844-423-4762.**

Permanent Supportive Housing:

OAAS, OCDD and OBH continue to assist participants to transition into Permanent Supportive Housing. There are currently approximately **2,501** households in Permanent Supportive Housing. Since the program began a total of **6,326** individuals have been served.

Money Follows the Person (MFP):

- Since fall 2009, approximately **1,903** individuals have transitioned through the program in the Office for Aging and Adult Services and Office for Citizens with Developmental Disabilities from qualified institutions (hospitals, nursing facilities, and supports and services centers); year-to-date (through 11/30/2106), **373** individuals have transitioned. This number exceeds the 350 benchmark! The Money Follows the Person program continues to exceed existing benchmarks.
- Participants can be transitioned through MFP until December 31st, 2018. Grant funding can be expended through September 30, 2020.

Self-Direction:

- There are currently **827** individuals participating in the self-direction option, as of 11/30/2016. After receiving a multitude of payroll and customer service complaints, an emergency contract was entered into with Acumen to resume the fiscal/employer duties and to reconcile payroll issues that participants have experienced with PALCO.

Behavioral Health: Our Behavior Health section continues to work tirelessly to address any issues that may arise as a result of integration with the Healthy Louisiana Plans. Children/youth who are either in or qualify for the Coordinated System of Care (CSoC) receive all behavioral health services from Magellan. A child/youth is eligible for CSoC services through his/her 21st birthday. LDH is evaluating whether the ages remain appropriate or should be changed. CSoC services are for children/youth who are at risk for out-of-home placement, or are currently experiencing out-of-home placement due to significant behavioral health challenges. Out of home placement may be defined as detention, secure care facilities, psychiatric hospitals, residential treatment facilities, addiction facilities, alternative schools, homeless, foster care. Magellan is in the process of validating those children/youth who are in the 1915(c) CSOC waiver to ensure that the child/youth still meets the eligibility criteria and is appropriately placed in the waiver.

At the end of this report is an Excel document which provides the provider network data for the each of the Healthy Louisiana Plans.
