#### **Why confirm your action?**

This helps us to know how effective we are in reaching you with this information and engaging members across our state in advocacy for systems change.

#### **Background Information**

Scheduled changes in eligibility requirements to the Medicaid Purchase Plan (MPP) will cause many current participants to either stop working at a job paying a living wage or lose affordable health care. These changes are expected to impact at least 1,200 individuals. The Medicaid Purchase Plan was designed to help people with disabilities work, live above the poverty level and still have appropriate, affordable health care coverage.
