

REPORT TO DEVELOPMENTAL DISABILITIES COUNCIL

Bureau of Health Services Financing (Medicaid) October, 2016

Status of Current Initiatives:

MEDICAID EXPANSION.

Current Medicaid enrollment as of 9/28/2016 is **313,243** new members!

As previously reported to this council, eligibility for parents with Medicaid eligible children will increase to 138% of the Federal Poverty Level, and childless adults will now be eligible for Medicaid as a group.

Applied Behavior Analysis: State Plan for licensed providers to deliver ABA services under Medicaid was approved by CMS for services as of February 1, 2014. Services must be prior authorized through the Molina prior authorization process. Services are available to children/youth from birth through age 20 for whom they are medically necessary. A clinical diagnostic evaluation that recommends ABA is required for this service. As of 9/19/2016 there were **118** enrolled providers statewide, and **1543** children/youth approved for services. ABA services were NOT carved in to Healthy Louisiana in December, 2015. If you have questions about ABA, how to access those services, how to locate a provider, or any other questions, please call this toll-free number: **1-844-423-4762.**

Behavioral Health Integration: Our Behavior Health section continues to work tirelessly to address any issues that may arise as a result of integration with the Healthy Louisiana Plans. Children/youth who are either in or qualify for the Coordinated System of Care (CSoC) receive all behavioral health services from Magellan. A child/youth is eligible for CSoc services through his/her 21st birthday. CSoc services are for

children/youth who are at risk for out-of-home placement, or are currently experiencing out-of-home placement due to significant behavioral health challenges. Out of home placement may be defined as detention, secure care facilities, psychiatric hospitals, residential treatment facilities, addiction facilities, alternative schools, homeless, foster care.

Attached to this report is an Excel document which provides the provider network data for the each of the Healthy Louisiana Plans.
