UPDATED Action Alert #20 - Attend Yellow Shirt Day Thursday

Although the FY17 State Budget (HB1) passed by the legislature prioritized funding for many vital disability services, there are still remaining unmet needs for individuals with developmental disabilities and their families. Additional revenue is needed to:

- Fill vacant waiver slots for those on the waiting list (almost 14,000 waiting)
- Fully fund Human Services Districts/Authorities to meet all the needs in their regions
- Pay overtime costs for Direct Support Professionals
- Restore High Cost Funds for schools to serve students with significant disabilities

The House Ways and Means Committee is primarily responsible for raising additional revenue. The House Appropriations Committee is responsible for deciding how revenue will be spent.

If these issues are important to you, join us at the Capitol to remind legislators of the need to raise revenue and fund ALL developmental disability services.
