# October 2017 Louisiana Developmental Disability Council Report

## **Update/Progress on Agency Initiatives**

### **Permanent Supportive Housing Services**

The Office of Aging and Adult Services (OAAS), Office for Citizens with Developmental Disabilities (OCDD) and Office of Behavioral Health (OBH) continue to assist participants to transition into Permanent Supportive Housing. There are currently 4,356 individuals being served and 2,560 households providing Permanent Supportive Housing. Since the program began, a total of 6,368 individuals have been served.

## **Money Follows the Person**

- Since the Fall of 2009, approximately 2,271 individuals have transitioned through the Money Follows the Person (MFP) program in OAAS and OCDD from qualified institutions (hospitals, nursing facilities, and supports and services centers); Year-to-date (thru 9/7/17), 300 individuals have transitioned in 2017. Through MFP, 441 individuals transitioned in 2016 which exceeded the benchmark of 350. MFP continues to exceed existing benchmarks.
- Participants can be transitioned through MFP until December 31, 2018.
   Grant funds can be expended through September 30, 2020.

#### Self-Direction

- There are currently 966 individuals participating in the self-direction option as of 9/25/2017.
- A Request for Proposal (RFP) was released on September 19<sup>th</sup>. It is anticipated that the new contract will be effective January 1, 2018.

#### **Electronic Visit Verification**

LDH is currently piloting the in-home electronic visit verification (EVV) version. As of September 20, 2017, 197 agencies have been trained and 92 have gone live. The piloting process will generate robust and practical feedback from participating providers that will be used to facilitate a smooth transition to the new requirement by March 2018.

#### **Long-Term Supports and Services Incident Management System**

- LDH procured a contract through the competitive bid process to replace the outdated, isolated and unsupported incident management system (OTIS) with a system that allows OAAS, OCDD, Health Standards Section, direct service providers, support coordinators, nursing homes, and intermediate care facilities for individuals with intellectual disabilities (ICF/IID) workers to use a single incident management system. The new system allows for a consolidated, consistent reporting and analytics mechanism in addition to real-time data sharing among agencies which improve efficiencies with response times, programmatic assessment, strategic planning and compliance with Centers for Medicare and Medicaid Services' (CMS) assurances while aiding in resolving incidents more efficiently to prevent further similar incidents.
- The system is scheduled to go live with all users in late January 2018.

#### **Behavioral Health**

• The Statewide Coordinated System of Care (CSoC) waiver enrollment totaled 2,237 as of 9/15/2017.
