Council Solicits Proposals for Unified Grassroots Network

The Louisiana Developmental Disabilities Council invites qualified parties to review and respond to its current Solicitation of Proposals (SOPs) available for review on the [Council Website](#). The SOP is for the implementation a unified grassroots advocacy network of individuals with developmental disabilities and their families. The project will provide individuals with developmental disabilities and their families access to information and support in advocating to policy makers for changes to policies and the service delivery system necessary for individuals with developmental disabilities and their families to live, learn, work, and play as integral members of their communities. If you have any questions regarding the Council or the SOP, please contact Derek White at Derek.White@la.gov.
