

Louisiana Developmental
Disabilities Council

LaDDC NEWS

February 24, 2015

March is National Developmental Disabilities Awareness Month (DDAM)

In honor of National Developmental Disabilities Awareness Month, the National Association of Councils on Developmental Disabilities is launching a social media campaign, “Side-by-Side” (#sidebyside) to highlight community inclusion of people with developmental disabilities in everyday life.

The Louisiana Developmental Disabilities Council encourages everyone to use social media and post a photo, video or personal story that shows how individuals with developmental disabilities are impacting their communities. Remember to use the hashtag #sidebyside with your posts.

Be sure to ‘Like’ the Council on [Facebook](#) to follow the Developmental Disabilities Awareness Month Campaign in Louisiana (#LaDDAM).
