## **DD Network Public Input Survey**

The Developmental Disabilities Network\* requests your input in planning its future activities by participating in our public input survey by June 3, 2015.

Every five years, the Louisiana Developmental Disabilities Council develops a new Five-Year Plan consisting of Goals, Objectives and Implementation Strategies that guide Council advocacy, capacity building, and systems change activities. Council activities contribute to a coordinated, consumer- and family-centered, and consumer- and family-directed comprehensive system of community services, individualized supports, and other forms of assistance that enable individuals with developmental disabilities to exercise self-determination, be independent, productive, and integrated and included in all facets of community life. The next Five-Year Plan will direct the Council's activities for Federal Fiscal Years 2017 - 2021.
