## Recruiting Partners in Policymaking Applicants: Webinar to Provide More Information

Do you have a young child with a developmental disability? Are you an adult with a developmental disability? Would you be interested in free leadership training to make the world a better place for people with developmental disabilities? If so, read on!

The Council is now recruiting motivated individuals with developmental disabilities and parents of young children with developmental disabilities to apply for the 2016 Class of Partners in Policymaking. Partners is a national leadership training program that provides the most current information from national and local speakers in the world of disabilities. Participants learn how to effect systems change — how to create, work towards and achieve a vision of shared values about people with disabilities. Participants attend a weekend training session in Baton Rouge each month from January through June. This free training includes lodging, meals, and mileage reimbursement.

The deadline to apply is **September 30, 2015**. This date will not be extended so [Apply Now](#).
