

2016 Annual Report Available

March 16, 2017

Each year the Council publishes an Annual Report detailing its activities during the previous year. The [2016 Annual Report](#) and [reports from previous years](#) are available to view online. The 2016 Annual Report includes advocacy, capacity building and systems change activities that impacted policy and practice changes in Federal Fiscal Year 2016. The report features successful advocacy for restoring funding to community-based services facing budget cuts, establishing a pilot program to offer waiver services to 50 people in private ICFs/DD to enable them to move into their own homes, and strengthening accountability requirements in schools regarding students with disabilities.
