March 2019 Louisiana Developmental Disability Council Report

Update/Progress on Agency Initiatives

Permanent Supportive Housing Services

• The Office of Aging and Adult Services (OAAS), Office for Citizens with Developmental Disabilities (OCDD) and Office of Behavioral Health (OBH) continue to assist participants to transition into Permanent Supportive Housing. There are currently 4, 658 individuals being served and 2,688 households providing Permanent Supportive Housing. A total of 6,896 individuals have been served since the beginning of the program.

Money Follows the Person

- Since the fall of 2009 through year-to-date (as of 3/14/19), approximately 2,853 individuals have transitioned through the Money Follows the Person (MFP) program in OAAS and OCDD from qualified institutions (hospitals, nursing facilities, and supports and services centers), with 411 individuals having transitioned in CY 2018. Four hundred and fifty-five individuals (455) transitioned in CY 2017, surpassing the benchmark of 330. Through MFP, 441 individuals transitioned in CY 2016, which again exceeded a benchmark of 350. MFP continues to break barriers and exceed existing benchmarks.
- On January 25, 2019, the Medicaid Extenders Act of 2019, a bill that includes short-term funding for the Money Follows the Person program, became law. Participants can now be transitioned through MFP through CY 2019, which was extended from December 31, 2018. On February 28, 2019, the Congress introduced two reauthorization bills, H.R.1342 and

S.548, through the Empower Care Act to extend the MFP program for five additional years.

Self-Direction

- There are currently 1,281 individuals participating in the self-direction option as of 2/28/2019.
- LDH has formed a Self-Direction Stakeholder group; meetings were held on July 10th, September 11th, and November 13th in 2018, and on February 14th, 2019. The next meeting will be held in the second quarter of 2019.
- LDH is preparing a Request for Proposals (RFP) early 2019, which was recently approved for release by the Office of State Procurement in the last week of March. Publication is anticipated last week of March/first week of April. In order to address participant concerns and provide a choice of Fiscal Employer Agents (F/EAs), LDH has included the option to award to multiple vendors.

Electronic Visit Verification

• LDH and its contractor SRI have trained and worked with providers statewide to implement in-home electronic visit verification (EVV) to ensure Louisiana complies with requirements listed in the Cures Act. LDH required providers to implement EVV with in-home personal care services (PCS) by 2/19/18. As of 2/28/2019, all providers are using EVV to record services. Many providers are within the 90% compliance level with others working toward the 90% compliance goal. It has been communicated to providers that manual entry of services should be minimized and providers must specify the reason for all manual edits/entries when reporting the service. LDH has begun to phase in self-direction participants and will begin to phase in EPSDT PCS providers with full implementation by January 1, 2020.

Long-Term Supports and Services Incident Management System

 LDH procured a contract through the competitive bid process to replace the outdated, isolated and unsupported incident management system (OTIS) with a system that allows OAAS, OCDD, Health Standards Section, direct service providers, support coordinators, nursing homes, and workers of intermediate care facilities for individuals with intellectual disabilities (ICF/IID) to use a single incident management system. The new system allows for a consolidated, consistent reporting and analytics mechanism in addition to real-time data sharing among agencies, which improves response times, programmatic assessment, strategic planning and compliance with Centers for Medicare and Medicaid Services' (CMS) assurances while aiding in resolving incidents more efficiently to prevent further similar incidents.

• For the waiver population, the system is tentatively scheduled for a phased-in implementation for support coordination and provider agencies during the summer of 2019.

Behavioral Health

• The Statewide Coordinated System of Care (CSoC) waiver enrollment totaled 2,391 as of 3/8/2019.

Region/Parish	Participant Count
Region 1 (Jefferson/Orleans area)	349
Region 2 (Capital area)	230
Region 3 (Covington area)	350
Region 4 (Thibodeaux area)	290
Region 5 (Lafayette area)	170
Region 6 (Lake Charles area)	181
Region 7 (Alexandria area)	191
Region 8 (Shreveport area)	231
Region 9 (Monroe area)	399
Total	2,391

^{*}This data includes all children presumptively eligible and enrolled in 1915 b(3)/(c) waivers.
