

## LDH Announces EVV Performance Thresholds

March 29, 2019

The Louisiana Department of Health's (LDH) Medicaid Office began phasing in its Electronic Visit Verification (EVV) system for in-home personal care service providers in early 2018. This includes personal care services provided under the Medicaid state plan and those provided through one of the home and community based waivers administered by the Office for Citizens with Developmental Disabilities and the Office of Aging and Adult Services.

LDH is now establishing performance thresholds for providers to ensure the state is in compliance with federal requirements. Learn more about Electronic Visit Verification and the performance thresholds in this [LDH press release](#).
