

Council Hosting 2019 Conference

August 29, 2019

The Louisiana Developmental Disabilities Council is excited to host its biennial conference this November: “Navigating the System Across the Lifespan.” The Council’s 2019 Conference will kick off with a keynote address from author, speaker, parent advocate, and former Colorado Developmental Disabilities Council Chairperson Katherine Carol.

This one-day event will feature three different topic tracks to suit the interests of attendees:

- *Childhood*, to include early childhood, IEPs, and social engagement;
- *Adulthood*, to include transitioning out of high school, post-secondary education, employment, and housing; and
- *Supports*, to include community supports, behavioral and medical supports, and financial planning.

Attendees can look forward to breakfast, as well as a “Lunch and Learn” featuring a panel of self-advocates and parent advocates discussing advocacy from a personal perspective to move the system forward.

Mark your calendars for this important event and stay tuned for more details!
