

State of Louisiana

Louisiana Department of Health Bureau of Health Services Financing

September 2019 Louisiana Developmental Disability Council Report

Update/Progress on Agency Initiatives

Louisiana Health Insurance Premium Payment (LaHIPP) Program

- Louisiana Department of Health (LDH) made changes to the LaHIPP program on April 20, 2019. LaHIPP is a post Medicaid eligibility program that reimburses the policy holder for monthly health insurance premiums and covers the out-of-pocket cost (co-pay, deductibles) for Medicaid members. Households with one or more Medicaid member(s) that are enrolled or have access to enroll in either employer sponsored insurance (ESI) or individual health insurance (IHI) may be considered for the program.
- LaHIPP eligibility is based solely on the cost effectiveness of the case. A case is deemed cost effective when the cost to Medicaid is less than the cost of participation in private health insurance. Cost effectiveness is calculated using the per member per month (PMPM) for MCO members or claims for FFS members, plan deductible, premiums, and wrap cost (co-pays, deductibles) of the Medicaid members. The case must be cost effective in order for LaHIPP to reimburse the health insurance premium.
- LaHIPP certifications are prospective and are effective the first day of the next
 month after the case is certified. The LaHIPP certification period is at least six to
 twelve months provided the case meets eligibility requirements. Annual reviews
 are conducted during the plan's open enrollment period.
- LaHIPP enrollees are fee-for-service Medicaid members and must follow program guidelines by accessing the plan's in-network providers or out-of-network provider if the plan covers out-of-network services. Additionally, the plan provider must be a fee-for-service Medicaid provider and submit secondary claims to Medicaid in order for Medicaid to cover out-of-pocket costs.

- The MCO will only cover behavioral health services and non-emergency medical transportation (NEMT) after a Medicaid member is enrolled in LaHIPP.
- On August 13, 2019 the Center for Medicare & Medicaid Services (CMS) approved LA SPA TIN 19-0016 Louisiana Health Insurance Premium Payment Program-Cost Effectiveness Formula. The state will process fee-for-service and managed care members receiving waiver and Chisholm services beginning in October.

Permanent Supportive Housing Services

 The Office of Aging and Adult Services (OAAS), Office for Citizens with Developmental Disabilities (OCDD) and Office of Behavioral Health (OBH) continue to assist participants to transition into Permanent Supportive Housing. There are currently 4,697 individuals being served and 2,739 households providing Permanent Supportive Housing. A total of 7,075 individuals have been served since the beginning of the program.

Money Follows the Person

- Since the fall of 2009 through year-to-date (as of August 2019), approximately 3,001 individuals have transitioned through the Money Follows the Person (MFP) program in OAAS and OCDD from qualified institutions (hospitals, nursing facilities, and supports and services centers), with 412 individuals having transitioned in CY 2018. 163 individuals have transitioned so far in CY 2019. MFP continues to break barriers and exceed existing benchmarks.
- On January 25, 2019, the Medicaid Extenders Act of 2019, a bill that includes short-term funding for the Money Follows the Person program, became law. Participants can now transition through MFP through CY 2019, which was extended from December 31, 2018. On February 28, 2019, Congress introduced two reauthorization bills, H.R.1342 and S.548, through the Empower Care Act to extend the MFP program for five additional years. On August 6, 2019, the President signed into law H.R. 3253 referred to as the Sustaining Excellence in Medicaid Act of 2019 (Public Law 116-39). This is the third short-term extension of the MFP demonstration that Congress has passed this year, bringing the total short-term funding amount to \$254.5M. Over the past several years, Congress has presented bills that would provide a longer reauthorization of the program. Currently, MFP reauthorization bills are under review in Congress.

Self-Direction

- There are currently 1,373 individuals participating in the self-direction option as of 7/31/2019.
- LDH has formed a Self-Direction Stakeholder group; meetings were held on July 10th, September 11th, and November 13th in 2018, and on February 14th and June 24th in 2019 to date. The next meeting will be held in September 2019.

- LDH released a Request for Proposals (RFP) for the Fiscal/Employer Agent services on April 2, 2019. The evaluation and scoring process of proposals received was completed at the end of May. LDH awarded contracts to both Acumen Fiscal Agent and Morning Sun Financial Management. All participants will have the choice to remain with Acumen or switch to Morning Sun with an anticipated start date of January 2020. An announcement was sent out to all self-direction participants notifying of this change in August.
- Acumen and Morning Sun conducted a statewide tour with presentations on each vendor the week of September 23 – September 27, 2019.
- Self-direction participants will have the ability to switch F/EA before the start of each quarter (4x per year) This is restricted for tax filing purposes.
- For those wishing to stay with Acumen, no action is needed. For those choosing
 to switch to Morning Sun, a new employer and employee packet must be
 completed. Contact your Support Coordinators for the packets.
- Timeline:
 - November 1 November 30, 2019: Anticipated testing period for Morning Sun's system – as the new vendor, Morning Sun is preparing its system to incorporate electronic visit verification (EVV).
 - December: Enrollment with Morning Sun & system adjustments
 - January 2020: Anticipated first payroll check for Morning Sun
 - NOTE: LDH will adjust the start date to April 1, 2020 if system testing reveals the need for additional programming time to ensure payments process properly.

Electronic Visit Verification

- LDH and its contractor SRI have trained and worked with providers statewide to implement in-home electronic visit verification (EVV) to ensure Louisiana complies with requirements listed in the Cures Act. LDH required providers to implement EVV for in-home personal care services (PCS) by 2/19/18.
- All providers are reporting services through electronic visit verification to some extent; however, work has now shifted to focus on minimizing manual entry of services. LDH issued a memo to providers on 3/20/19 detailing how compliance (specifically the degree of usage) will be monitored going forward and the expectations around proper use of EVV.

Support Coordination/Case Management for Waivers

 Effective 4/1/19, support coordination agencies serving waiver participants began using EVV to report all required monthly contacts.

Self-Direction

The Fiscal/Employer Agent (FEA) issued training materials and began hosting one-on-one and group training events in late 2018 in preparation for the transition to EVV. LDH required self-direction employers and employees to use EVV to report services effective 4/1/19. Currently, more than 90% of all self-direction employers and employees are utilizing EVV. LDH and Acumen are continuing to reach out to those who have not yet adopted EVV to offer additional technical assistance and training.

EPSDT Personal Care Services

EPSDT PCS providers will be the final population to implement EVV by the 1/1/20 federal deadline for PCS. Both fee-for-service and managed care providers will be required to use EVV to report services and LDH by 1/1/20. An informational bulletin for both fee-for-service and managed care providers will be issued in early October alongside a Health Plan Advisory for the managed care organizations with additional information. The informational bulletin will also be posted to the DXC provider portal at lamedicaid.com.

Long-Term Supports and Services Incident Management System

- LDH procured a contract through the competitive bid process to replace the outdated, isolated and unsupported incident management system (OTIS) with a system that allows OAAS, OCDD, Health Standards Section (HSS), direct service providers, support coordinators, nursing homes, and workers of intermediate care facilities for individuals with intellectual disabilities (ICF/IID) to use a single incident management system. The new system allows for a consolidated, consistent reporting and analytics mechanism in addition to real-time data sharing among agencies. This was aimed at improving response times, programmatic assessment, strategic planning and compliance with Centers for Medicare and Medicaid Services' (CMS) assurances while aiding in resolving incidents more efficiently to prevent further similar incidents.
- The implementation phase schedule of the new system is detailed in the table below:

Phase Implementation Date		Group	LDH Region	
1	April 15, 2019	Adult Protective Services (APS) Villa and Pinecrest	Statewide	
		Nursing homes and ICF-IIDs	Region 3	

2	May 6, 2019	OAAS and OCDD waivers	Regions 3 and 5	
		Nursing homes and ICF-IIDs	Regions 5 and 6	
3	May 27, 2019	OAAS and OCDD waivers	Regions 6 and 8	
		Nursing homes and ICF-IIDs	Regions 8 and 9	
4	June 17, 2019	OAAS and OCDD waivers	Regions 1, 2, 9, 10	
		Nursing homes and ICF-IIDs	Regions 1 and 2	
5	July 8, 2019	OAAS and OCDD waivers, Nursing homes and ICF-IIDs	Regions 4 and 7	
6	September 2019 (tentative)	ELMS and Central	Statewide	

Behavioral Health

• The Statewide Coordinated System of Care (CSoC) waiver enrollment totaled 2,331 as of 8/16/2019.

Region/Parish	Participant Count
Region 1 (Jefferson/Orleans area)	322
Region 2 (Capital area)	239
Region 3 (Covington area)	313
Region 4 (Thibodeaux area)	284
Region 5 (Lafayette area)	200
Region 6 (Lake Charles area)	182
Region 7 (Alexandria area)	185
Region 8 (Shreveport area)	206
Region 9 (Monroe area)	400
Total	2,331

^{*}This data includes all children presumptively eligible and enrolled in 1915 b(3)/(c) waivers.
