What Can Legislators Do?

Appropriate an additional \$500,000 in State General Funds (SGF) to the DD Council's budget so Families Helping Families (FHF) Centers throughout the state can continue to provide vital services to individuals with disabilities and their families.

Why Do This?

Every DD Council state dollar goes directly to FHF Centers. Without additional funding, FHF Centers will continue struggling to maintain their current level of service and possibly jeopardize some FHF Centers' ability to remain open.

FHF Centers are family-directed with a majority of Center staff being parents or family members of children with disabilities or individuals with disabilities. FHF Centers share experiences and information from someone “who has been there.”

The information, referral, trainings, and peer support provided by FHF Centers are not replicated by ANY other organization in the state, leaving families nowhere else to turn, particularly while waiting for other services.
