

Virtual Regional Meetings for State Health Assessment Feedback

June 11, 2021

The Louisiana Department of Health (LDH), with support from the Louisiana Public Health Institute, is hosting a series of virtual regional meetings in June and July 2021, to gather feedback for the State Health Assessment (SHA). These meetings are being held in partnership with the Governor's COVID-19 Health Equity Task Force and the Louisiana Public Health Institute. Each of these two-hour meetings will be held over Zoom.

During these meetings, participants will have the opportunity to share their vision for health in Louisiana and their perspectives on the status of health and wellness in their communities. Participants will join other community members in breakout rooms to provide their feedback. LDH will also provide a demonstration of the newly-published [State Health Assessment Dashboard](#), a health equity data resource to inform public health improvement planning.

The SHA regional meetings are open to the public. Registration links can be found below and on the [State Health Assessment Dashboard](#).
