

Action Alert #16 House to Debate Opportunities for Postsecondary Inclusive Education

June 1, 2022

The issue of postsecondary inclusive education opportunities for students with intellectual and developmental disabilities (I/DD) has made its way out of House Education and is now headed for debate on the House Floor.

Thursday, June 2nd

House meets at 10 AM to debate Senator Boudreaux's bill ([SB192](#)) which would create a fund for the purpose of funding approved inclusive postsecondary programs for students with I/DD at each public postsecondary education institution in the state.

The Louisiana Alliance of Postsecondary Inclusive Education (LAPIE) was formed in 2019 to increase postsecondary inclusive opportunities for individuals with I/DD in Louisiana. Currently, our state has 64 postsecondary institutions with only six offering an inclusive higher education opportunity for students. Unfortunately, many individuals are turned away simply because there are not enough slots available to accept those who qualify. Other postsecondary institutions have expressed interest in starting programs, but start-up funding has been a major concern.

Our state offers many programs and scholarships for students without disabilities to attend postsecondary schooling, but it is time we address the postsecondary needs of individuals with I/DD. These programs prepare students with I/DD to live independently while enjoying a full college experience alongside their peers without disabilities. In fact, 75% of the individuals who completed one of the current programs obtained and maintained competitive employment!

If [expanding postsecondary inclusive opportunities for individuals with I/DD throughout our state](#) is important to you or someone you know, **NOW** is the time to take action!
