

Register Now: Emergency Preparedness Trainings in North LA

March 20, 2023

The Louisiana Developmental Disabilities Council has contracted with Niagara University (NU) to educate anyone involved in emergency planning, preparedness, response, and recovery as it pertains to individuals with access and functional needs, including people with disabilities.

NU has tailored a presentation and training that identifies the responsibilities of both emergency management personnel and disability advocates during an emergency. This program will introduce the four modules necessary for proper response:

- Disability Awareness Training
- The Americans with Disabilities Act (ADA) specific to Emergency Management
- Emergency Plan Content
- Inclusive Planning and Active Participation

The trainings will be held in-person and are free to attend. Click on the training title(s) below for more information.
