

LDOE Seeks Input on 2023-24 IDEA Application

March 7, 2023

All students deserve an education that prepares them for postsecondary success and a lifetime of unlimited opportunity. To ensure students with disabilities are supported in this endeavor, the Louisiana Department of Education (LDOE) submits a grant application annually to the U.S. Department of Education for state set aside funding through the Individuals with Disabilities Education Act (IDEA).

The LDOE is seeking feedback on funding priorities from members of various Special Education stakeholder communities, which will help the LDOE better understand what activities the public views as important as it develops the comprehensive IDEA grant application for the 2023-2024 school year.

Those interested in sharing their feedback with the LDOE should complete this [SY23-24 Stakeholder Input Survey](#) by **Friday, March 10, 2023**. The survey should take no more than five minutes to complete and does not request any personally identifiable information.

Please contact specialeducation@la.gov for more information or if you have any questions.
