Navigating the System Co-Occurring Disorders Training Opportunity

February 11, 2025

The Louisiana Developmental Disabilities Council has partnered with The Arc of Louisiana to host a series of training opportunities to learn about navigating Louisiana's complex service delivery system. Trainings are open to all, but individuals with intellectual and developmental disabilities (I/DD) and their families are encouraged to attend. Attendees will learn about:

- Addressing existing barriers,
- Identifying service gaps, and
- Identifying inadequacies in both the I/DD and Behavioral Health service systems

Training opportunities are being hosted across the state for individuals with I/DD and their families. There will also be a web-based training for professionals offered at a later date. Take advantage of this incredible opportunity to learn more about the systems and supports available for individuals with I/DD and Behavioral Health needs.

Our next training will be held in Central Louisiana. To register for this free training, scan the QR code in the flyer below or click [here](#). For questions or more information about the training, please contact Ashley McReynolds at amcreynolds@thearcla.org.
