Medicaid and the Office for Citizens with Developmental Disabilities (OCDD) have added incontinence supplies as a Medicaid-covered benefit under the New Opportunities and Residential Options waivers effective October 1st. An amendment is in the works to add this service to Supports Waivers. On June 29th Governor Edwards vetoed five (5) items in HB1 of the 2023 legislative session and restored the \$100 million reduction in funding to the LDH to protect against devastating programmatic cuts that would result from loss of the funding and the federal matching funds, totaling between \$400M - \$700M. The LDH released information on July 17th stating that the Centers for Medicare and Medicaid Services (CMS) approved the State's plan to pay \$300 per month bonus payments to Direct Service Workers/Professionals enrolled with a traditional provider agency and self-direction, Support Coordination Agencies, Adult Day Health Care (ADHC), Adult Day Care (ADC) and Respite Providers. Of this \$300 per month, \$250 goes directly to the Direct Support Workers/Staff, Support Coordinators, and the agencies/providers will keep \$50 to assist with employer-related taxes. LDH released information on the American Rescue Plan Act (ARPA) Bonus Payments including webinars, memos and frequently asked questions (FAQs). This information can be found here on their website. OCDD is planning to host a Fall Roadshow similar to the Post Public Health Emergency (PHE) Roadshow they conducted in February and March 2023. 	Previous Quarter(s): In October, the Council added to its 2023 Legislative Advocacy Agenda advocacy focused on providing incontinence supplies to adults on Medicaid waivers. The Council will partner with the Arc of Louisiana to advocate for this issue. Medicaid and the Office for Citizens with Developmental Disabilities or OCDD have started working to add incontinence supplies as a Medicaid-covered benefit under the New Opportunities, Residential Options, and Supports Waivers. The department shared with the Council a commitment letter detailing its plans. In April, states will start reviewing the eligibility of Medicaid recipients and remove those who are no longer eligible. All Medicaid recipients must ensure their mailing addresses, cell phone numbers, and email are current. During the 2023 Legislative Session, \$100 million requested by LDH in FY24 was removed from the budget, but the governor used veto authority to restore that funding. The Community Options Waiver Fund was also established and steps to streamline the transition process for EarlySteps participants. On June 27th, OCDD said that due to the uncertainty with the LDH Budget, they had to push back the effective date of incontinence supplies being covered in the waiver to October 1, 2023. An Agency in North Mississippi heard about the Council's initiative and contacted IAG to set up training for their agency. During the third quarter, 85 first responders from Terrebonne Parish Sheriff's Office were trained. View the positive feedback from a member of the Houma Police Department here. Fourteen attendees from the St. Tammany Sheriff's Office and 34 from the St. Charles Parish Sheriff's Office we trained. Feedback from the St. Charles Parish training can be found here. The contractor also trained over 90 school administrators, teachers, counselors, paraprofessionals, special educators, and six school resource officers at the request of Allen Parish School District. 3.2.6 Conduct research to examine the effectiveness and advocate to support efforts of the Louisiana Medicaid “buy-in” program.	Council Staff contacted the Interim Medicaid Executive Director to follow up with our June request. The Medicaid Purchase Plan (MPP) and the “buy-in” program are the same. Some background: The Ticket to Work and Work Incentive Improvement Act (TWWIIA) of 1999 became law in December 1999, which allowed individuals with disabilities to purchase Medicaid coverage while allowing individuals to work. In 2003, the Louisiana Legislature adopted Act 207, which directed the Louisiana Department of Health to implement the “buy-in” program for working persons with disabilities using the TWWIIA, which then became law in 2004. The program's maximum income limit was 250% of the federal poverty limit (FPL), and the maximum amount of countable assets was \$25,000. As a result of budget cuts beginning in January 2014, the maximum income limit was reduced to 100% of the FPL, and the asset limit was lowered to \$10,000 . Previous Quarter(s): Council staff contacted Medicaid in June to get more information on the Medicaid “buy-in” program and the Medicaid Purchase Plan (MPP). Staff wants to determine if the “buy-in” program still exists or if it was replaced by the MPP. More information will be shared in the next quarterly status report and next quarter with the Council’s listserv. On target: ☐ Initiative
